APPENDIX I

EXPLANATION AND LEGEND OF SYMBOLS

Common names of kinds of weed seeds considered noxious by the State seed laws are listed alphabetically. Synonyms specifically used in certain States are shown following the preferred names. The synonyms are also shown alphabetically with cross-references to the preferred name where listed. Generally, the base root of the name is given first with the modifying term following, for example; Alyssum, hoary. Reading across the chart, the symbols in the columns under the names of States indicate prohibitions, limitations, labeling requirements, and reference to footnotes. Be sure to check exceptions noted below.

Legend of symbols

P = Prohibited

Lb = Label rate per pound of any present

Lb* = Label rate per pound if in excess of certain amounts, see footnotes

Numerals = Label rate per pound of any present, maximum permitted given

Oz = Label rate per ounce of any present

Oz* = Label rate per ounce with exceptions, check footnotes

G* = Label rate per ounce or per pound by groups of kinds given below

* = Special exceptions, check footnotes

Roman numerals = Montana only, see footnotes

2oz = Hawaii only, see footnotes

1% = Hawaii only, see footnotes

Groups of kinds of agricultural seed labeled per ounce or per pound

A = Bentgrasses, redtop, bluegrasses, timothy, bermudagrass, orchardgrass, rhodesgrass, dallisgrass, reed canarygrass, fescues (except meadow fescue), white clover, alsike clover, and seeds of similar size, generally of which 25 or 25 grams are required to be examined for noxious-weed seeds.

B = Ryegrasses, meadow fescue, foxtail millet, wheatgrasses, smooth brome, alfalfa, red clover, sweetclover, lespedezas, mustards, rapes, flax, and seeds of similar size, generally those of which 50 or 100 grams are required to be examined for noxious-weed seeds.

C = Proso millet, sudangrass, and seeds of similar size, generally those of which 150 grams are required to be examined for noxious-weed seeds.

D = Wheat, oat, barley, rye, sorghum, buckwheat, vetches, corn, bean, pea, cowpea, soybean, and seeds of similar size, generally those of which 300 or 500 grams are required to be examined for noxious-weed seeds.

Footnotes by States

Lb* IDAH^O - Maximum 45 per pound in groups A and B, 15 per pound in group C, and 5 per pound in group D.

MICHIGAN - Buckhorn plantain and yellow rocket seeds must be labeled only when in excess of 90 per pound, with a maximum of 1 to 1,000 agricultural seeds permitted.

PENNSYLVANIA - Label rate per pound of any present. Maximum of one seed in each five **grams** of groups A and B or one seed in each 100 grams of groups C & D, except buckhorn plantain for which the limit is 5 seeds in each 5 grams of groups A and B and 5 seeds in each 100 grams of groups C and D.

NEVADA - Label rate per pound if any present in excess of 45 per pound in groups A and B., 18 per pound in group C, and 5 per pound in group D. Mixtures, label rate per pound if any present in excess of one in 15 grams. Note: Millets, rapes and flax included in group C instead of B.

NORTH DAKOTA - Dodder and quackgrass, label rate per pound of any present in excess of 21 per pound. Mustards, frenchweed, wild morningglory, and wild oat, label rate per pound of any present in excess of 31 per pound.

WASHINGTON - Label rate per pound if present in excess of one in 10 grams of group A, one in 25 grams of group B, and one in 100 grams of group D. (No requirements given in law for labeling group C.) Note: Meadow fescue included in group A instead of B.

WISCONSIN - Label rate per ounce if present in excess of one seed in the amount required to be examined. Maximums, one per 5 grams if 25 grams examined, one per 10 grams if 35 or 50 grams examined, one per 25 grams if 150 grams examined, one per 50 grams if 300 grams examined, and one per 100 grams if 500 grams examined.

WYOMING - Maximum 45 per pound in groups A, B, and C, and 5 per pound in group D.

Oz* VIRGINIA - Maximums, wild radish one per ounce; wild onion, wild garlic, and bermudagrass 2 per ounce (except wild onion and wild garlic, 5 per ounce in orchardgrass); dodder and giant foxtail 4 per ounce; and wild mustards 15 per ounce.

G* DELAWARE - Label rate per ounce in groups A and B per pound in groups C and D. Maximum 10 per ounce and 10 per pound, respectively.

ILLINOIS - Label rate per ounce in groups A and B and per pound in groups C and D if present in excess of one in 5 grams of group A, one in 10 grams of group B, one in 25 grams of group C, and one in 100 grams of group D. Maximum, one per 1,000 crop seeds.

IOWA - Label rate per ounce in groups A, B, and C, and per pound in group D if present in excess of 5 per ounce of group A, 3 per ounce of group B, one per ounce of group C, and 5 per pound of group D. Lawn seeds, label rate either per ounce or per pound of any present.

MAINE - Label rate per ounce in groups A and B and per pound in groups C and D. Maximum 500 per pound, singly or collectively.

MARYLAND - Label rate per ounce in groups A and B and per pound in groups C and D. Maximum 16 per ounce or 16 per pound, respectively, singly or collectively.

MINNESOTA - Label rate per ounce in groups A and B and per pound in groups C and D. Maximum 2 per ounce or 25 per pound, respectively, singly or collectively.

MISSOURI - Label rate per ounce in groups A, B, and C, and per pound in group D if present in excess of 5 per ounce in group A, 3 per ounce in group B, (except 9 seeds of giant foxtail in lespedeza seed) one per ounce in group C, and 5 per pound in group D. Note: Vetches included in group C instead of D.

NEBRASKA - Label rate per ounce in groups A and B and per pound in groups C and D if present in excess of one in 5 grams of group A or B, one in 25 grams of group C, and one in 100 grams of group D.

NEW HAMPSHIRE - Label rate per ounce in groups A and B and per pound in groups C and D.

NEW MEXICO - Label rate per ounce in groups A and B and per pound in groups C and D if present in excess of one in 5 grams of group A, one in 10 grams of group B, one in 25 grams of group C, and one in 100 grams of group D.

OHIO - Label rate per ounce in groups A, B, and C, and per pound in group D if present in excess of one in 5 grams of groups A and B, one in 25 grams of group C, and one in 100 grams of group D. Note: Millets, rapes, and flax included in group C instead of B.

RHODE ISLAND - Label rate per ounce in groups A and B and per pound in groups C and D.

SOUTH DAKOTA - Label rate per ounce in groups A and B and per pound in groups C and D if present in excess of one in 10 grams of group A, one in 25 grams of group B, one in 50 grams of group C, and one in 100 grams of group D.

UTAH - Label rate per ounce in groups A and B and per pound in groups C and D. Maximum 45 per pound of any one kind.

WEST VIRGINIA - Label rate per ounce in groups A and B and per pound in groups C and D if present in excess of 90 per pound.

2oz HAWAII - Primary noxious-weed seeds, label rate per ounce. Maximum 2 per ounce singly or collectively.

1% HAWAII - Secondary noxious-weed seeds, label rate per pound. Maximum one percent, singly or collectively.

ROMAN NUMERALS - MONTANA - Label rate per pound of I (Maximum 9 per pound), of II if present in excess of 9 per pound singly or collectively, and of III if present in excess of 45 per pound singly or collectively. Mixtures, label percentage if any present in excess of 9 per pound.

* ALABAMA - Johnsongrass and sorghum alnum, or hybrid derivatives of these, collectively, limited to 100 per pound.

ARKANSAS - Red rice, curly indigo, and tall indigo only noxious when occurring in rice seed, and then limited to 15 per pound. Maximum for wild garlic and/or wild onion is 18 per pound in seeds requiring less than 300-gram examinations, and 2 per pound in kinds requiring 300 grams or more to be examined for noxious-weed seeds. Bromus commutatus shall not be considered a noxious-weed seed when occurring in smooth brome seed.

CONNECTICUT - Bedstraw, dock and plantain (other than broad-leaf, blackseed, and buckhorn plantain) not noxious in lawn seed mixtures. Annual bluegrass not noxious in lawn seed mixtures if labeled as a component.

FLORIDA - Maximum of 27 johnsongrass and/or sorghum alnum and 100 per pound of dock seeds (3 species combined).

KANSAS - Cheat or chess limited to 90 per pound except in native grasses, smooth brome, fescues, and orchardgrass, then not to exceed 1,000 per pound.

MICHIGAN - Maximum of one noxious-weed to 2,000 agricultural seeds, except yellow rocket and buckhorn plantain which are limited to one to 1,000 agricultural seeds.

MISSISSIPPI - Johnsongrass and sorghum alnum, or hybrid derivatives of these, collectively, limited to 100 per pound.

NEW YORK - Annual bluegrass seeds considered noxious only in lawn seeds, and then only when not labeled as a kind of seed in the mixture.

NORTH CAROLINA - Johnsongrass seed prohibited except in lespedeza seed, then it shall not exceed 100 seeds per pound and the labels shall bear, in red letters, "contains johnsongrass." Dock includes Rumex crispus and/or R. obtusifolius, label rate per pound if any present, maximum 300 per pound.

OKLAHOMA - Johnsongrass includes sorghum almum and any indistinguishable seeds, limited to 100 per pound except not to exceed 500 per pound in alfalfa and chaffy native grasses. Maximum noxious-weed seeds 500 except 1,000 per pound in chaffy native grasses.

OREGON - Maximum 18 per pound of starthistle (4 species combined).

TENNESSEE - Johnsongrass or any indistinguishable seed is prohibited. Wild onion not to exceed 10 per pound in small grain or vetches and 13 per pound in other kinds. Buckhorn plantain limited to 250 per pound and all others limited to 50 per pound, singly or collectively, in alsike clover, white clover, ladino clover, and red clover seed, subject to other limitations.

TEXAS - Johnsongrass limited to 100 per pound except in seed labeled "pasture mixture," and then also exempt from maximum total of 500. Seed containing in excess of 100 primary noxious-weed seeds, 300 secondary noxious-weed seeds, or a total of 500 primary and secondary noxious-weed seeds is prohibited from sale.

WEST VIRGINIA - Dodder seeds prohibited except 90 per pound permitted in lespedezas. Wild onion seeds or bulblets prohibited except 90 per pound permitted in orchardgrass seed.

APPENDIX II

HAWAII ONLY

Prohibited

Acuate	<i>Lagascea mollis</i>
Canegrass	<i>Miscanthus japonicus</i>
Gaura	<i>Gaura spp.</i>
Gorse	<i>Ulex europaeus</i>
Kogon	<i>Imperata cylindrica</i>
Loco weed	<i>Astragalus spp. or Oxytropis spp.</i>
Marabu	<i>Dichrostachys nutans</i>
Mile-a-minute vine	<i>Mikania micrantha</i>
Passion flower, winged-leaf	<i>Passiflora pulchella</i>
Pepper, hooked spiked	<i>Piper aduncum</i>
Piripiri	<i>Acaena sanguisorbae</i>
Povertygrass	<i>Aristida spp.</i>
Povertyweed	<i>Franseria spp.</i>
Sensitive plant, giant	<i>Mimosa invisa</i>
Snakeroot, white	<i>Eupatorium rugosum</i>
Terongan	<i>Solanum torvum</i>
Torpedograss	<i>Panicum repens</i>
Witchweed	<i>Striga spp.</i>

Primary, label rate per ounce, maximum 2 per ounce

Aramina	<i>Urena lobata</i>
Barbwiregrass	<i>Cymbopogon refractus</i>
Bur bush	<i>Triumfetta bartramia</i>
Crotalaria, long-beaked	<i>Crotalaria longirostrata</i>
Curse	<i>Clidemia hirta</i>
Elephantopus	<i>Elephantopus spp.</i>
Emex	<i>Emex australis or E. Spinosa</i>
Fountaingrass	<i>Pennisetum setaceum</i>
French broom	<i>Cytisus monspessulanus</i>
German ivy	<i>Senecio mikianoides</i>
Hamakua pamakani	<i>Eupatorium riparium</i>
Kahili flower	<i>Grevillea banksii</i>
Malachra	<i>Malachra alceaefolia</i>
Marigold, wild	<i>Tagetus minuta</i>
Maui pamakani	<i>Eupatorium adenophorum</i>
Melastoma	<i>Melastoma malabathricum</i>
Milkweed	<i>Asclepias spp.</i>
Needlegrass	<i>Stipa spp.</i>
Nettle, stinging	<i>Hesperocnide sandwicensis</i>
Rhodomyrtus	<i>Rhodomyrtus tomentosa</i>
Sacramento bur	<i>Triumfetta semitriloba</i>
Scotch broom	<i>Cytisus scoparius</i>
Spanish broom	<i>Spartium junceum</i>

Spikenard, wild	<i>Hyptis suaveolens</i>
Spurge, toothed	<i>Euphorbia serrata</i>
Star bur	<i>Acanthospermum hispidum</i>
West-Indian foxtailgrass	<i>Andropogon bicornis</i>

Secondary, label rate per pound, maximum 1%.

Barley, wild	<i>Hordeum spp.</i>
Black-eyed susan	<i>Rudbeckia hirta</i>
Jaragua grass	<i>Hyparrhenia rufa</i>
Khaki weed	<i>Alternanthera repens</i>
Knotweed, smartweed or ladysthumb	<i>Polygonum spp.</i>
Mullein	<i>Verbascum thapsus</i>
Sandbur	<i>Cenchrus spp.</i>
Stargrass, Australian	<i>Chloris divaricata</i>

APPENDIX III

Cross-index alphabetically by scientific name

Abutilon theophrasti	butterprint
Acaena sanguisorbia	piripiri
Acanthospermum hispidum	star bur
Aegilops triuncialis	goatgrass
Aeschynomene indica	curly indigo or ding ding
<u>Aeschynomene virginica</u>	
Agropyron repens	quackgrass
Agrostemma githago	corncockle
Alhagi pseudalhagi	camelthorn
<u>Alhagi camelorum</u>	
Allium spp.	wild garlic or wild onion
Allium canadense	wild garlic or wild onion
Allium vineale	wild garlic or wild onion
Alternanthera repens	kahki weed
Ambrosia psilostachya	perennial ragweed
Andropogon bicornis	West-Indian foxtailgrass
Arctium minus	burdock
Aristida spp.	povertygrass
Asclepias spp.	milkweed
Asclepias labriformis	labriform milkweed
Asclepias subverticillata	whorled milkweed
Asclepias verticillata	whorled milkweed
<u>Asclepias galloides</u>	
Astragalus spp.	loco weed
Avena fatua	wild oat
Bassia hyssopifolia	fivehook bassia
Barbarea vulgaris	yellow rocket
<u>Campe vulgaris</u>	
Berberis spp.	bitter wintercress
Berteroa incana	barberry
Brassica spp.	hoary alyssum
Brassica campestris	wild mustard
Brassica juncea	wild turnip
Brassica kaber	bird rape
<u>Brassica arvensis</u>	
Brassica nigra	Indian mustard
Bromus commutatus	wild mustard
Bromus secalinus	charlock
Bromus tectorum	black mustard
Calonyctium muricatum	cheat or chess
Cannabis sativa	cheat or chess
Cardaria draba	downy bromegrass
	moonflower or giant morningglory
	marihuana
	whitetop

<u>Lepidium draba</u>	hoary cress
<u>Lepidium repens</u>	perennial peppergrass
<u>Cardaria pubescens</u>	hairy whitetop
<u>Hymenophyse pubescens</u>	whitetop
<u>Carduus spp.</u>	hoary cress
<u>Carduus nutans</u>	perennial peppergrass
<u>Carduus pycnocephalus</u>	plumeless thistle
<u>Carduus tenuiflorus</u>	musk thistle or nodding thistle
<u>Cenchrus spp.</u>	Italian thistle
<u>Cenchrus pauciflorus</u>	sandburr
<u>Centaurea calcitrapa</u>	sandbur
<u>Centaurea diffusa</u>	purple starthistle
<u>Centaurea iberica</u>	diffuse knapweed
<u>Centaurea maculosa</u>	Iberian starthistle
<u>Centaurea melitensis</u>	spotted knapweed
<u>Centaurea picris</u>	Malta starthistle
<u>Centaurea repens</u>	Russian knapweed
<u>Centaurea solstitialis</u>	yellow starthistle
<u>Centaurea squarrosa</u>	squarrose knapweed
<u>Chloris divericata</u>	Australian stargrass
<u>Chondrilla juncea</u>	yellow-flowering skeletonweed
<u>Chorispora tenella</u>	blue mustard
<u>Chrysanthemum leucanthemum</u>	tenella
<u>Cicuta spp.</u>	oxeye daisy
<u>Cirsium arvense</u>	water hemlock
<u>Clidemia hirta</u>	Canada thistle
<u>Cnicus benedictus</u>	curse
<u>Conium maculatum</u>	blessed thistle
<u>Convolvulus spp.</u>	poison hemlock
<u>Convolvulus arvensis</u>	bindweed
<u>Convolvulus sepium</u>	field bindweed or bindweed
<u>Crotalaria spp.</u>	wild morningglory
<u>Crotalaria longisrostrata</u>	European morningglory
<u>Crotalaria mucronata</u>	hedge bindweed
<u>Crotalaria spectabilis</u>	wild morningglory
<u>Cuscuta spp.</u>	crotalaria
<u>Cymbopogon retractus</u>	long-beaked crotalaria
<u>Cynodon spp.</u>	mucronate crotalaria
<u>Cynodon sp.</u>	showy crotalaria
<u>Cynodon dactylon</u>	dodder
<u>Cynoglossum officianale</u>	barbwiregrass
<u>Cyperus spp.</u>	bermudagrass
<u>Cyperus esculentus</u>	giant bermudagrass
<u>Cyperus rotundus</u>	common bermudagrass
	houndstongue
	nutgrass
	yellow nutgrass
	perennial nutgrass

<i>Cytisus monspessulanus</i>	French broom
<i>Cytisus scoparius</i>	Scotch broom
<i>Daucus carota</i>	wild carrot
<i>Dichrostachys nutans</i>	marabu
<i>Digitaria ischaemum</i>	crabgrass
<i>Digitaria sanguinalis</i>	crabgrass
<i>Elephantopus spp.</i>	elephantopus
<i>Elymus caput-medusae</i>	medusahead (rye)
<i>Emex australis</i>	emex
<i>Emex spinosa</i>	emex
<i>Eupatorium adenophorum</i>	maui pamakani
<i>Eupatorium riparium</i>	hamakua pamakani
<i>Eupatorium rugosum</i>	white snakeroot
<i>Euphorbia esula</i>	leafy spurge
<i>Euphorbia lucida</i>	leafy spurge
<i>Euphorbia serrata</i>	toothed spurge
<i>Franseria spp.</i>	<u>franseria</u> <u>povertyweed</u>
<i>Franseria discolor</i>	whiteleaf franseria <u>silverleaf franseria</u> <u>bur ragweed</u> <u>creeping ragweed</u> <u>povertyweed</u>
<i>Franseria tomentosa</i>	woollyleaf franseria <u>bur ragweed</u>
<i>Galega officianalis</i>	goatsrue
<i>Gallium spp.</i>	bedstraw
<i>Gaura spp.</i>	gaura
<i>Gaura coccinea</i>	scarlet gaura
<i>Gaura sinuata</i>	wavyleaf gaura
<i>Gaura villosa</i>	hairy gaura
<i>Grevillea banksii</i>	kahili flower
<i>Halogeton glomeratus</i>	halogeton
<i>Helianthus ciliaris</i>	Texas blueweed or blueweek
<i>Hesperiocnide sandwicensis</i>	stinging nettle
<i>Hieraceum spp.</i>	hawkweed
<i>Hoffmannseggia densifloria</i>	pignut or Indian rushpea
<i>Hordeum spp.</i>	wild barley
<i>Hyparrhenia rufa</i>	jaragua grass
<i>Hypericum perforatum</i>	St. Johnswort <u>klamathweed</u>
<i>Hyptis suaveolens</i>	wild spikenard
<i>Imperata cylindrica</i>	kogon
<i>Ipomoea spp.</i>	morningglory
<i>Ipomoea hederacea</i>	ivyleaf morningglory
<i>Ipomoea purpurea</i>	wild morningglory
<i>Iva axillaris</i>	povertyweed <u>mouse-ear povertyweed</u> <u>sumpweed</u> <u>deathweed</u>

<i>Lactuca pulchella</i>	blue lettuce or blue-flowering lettuce
<i>Lagascea mollis</i>	acuate
<i>Lepidium campestre</i>	field peppercress
<i>Lepidium latifolium</i>	perennial peppercress <u>whitetop</u>
<i>Linaria dalmatica</i>	Dalmatian toadflax
<i>Linaria vulgaris</i>	yellow toadflax
<i>Lolium temulentum</i>	darnel
<i>Lychnis alba</i>	white cockle
<i>Mahonia spp.</i>	barberry
<i>Malachra alceaefolia</i>	malachra
<i>Melastoma malabathricum</i>	melastoma
<i>Mikania micrantha</i>	mile-a-minute vine
<i>Mimosa invisa</i>	giant sensitive-plant
<i>Miscanthus japonicus</i>	canegrass
<i>Oryza sativa</i>	red rice
<i>Oxytropis spp.</i>	loco weed
<i>Panicum repens</i>	torpedograss
<i>Passiflora pulchella</i>	wingleaf passion flower
<i>Pennisetum setaceum</i>	fountaingrass
<i>Physalis lobata</i>	purple-flowered groundcherry
<i>Physalis longifolia</i>	perennial groundcherry
<u><i>Physalis subglabrata</i></u>	
<i>Piper aduncum</i>	hooked spiked pepper
<i>Plantago spp.</i>	plantain
<i>Plantago aristata</i>	bracted plantain
<i>Plantago lanceolata</i>	buckhorn plantain or buckhorn annual bluegrass
<i>Poa annua</i>	knotweed, smartweed or ladysthumb swamp smartweed
<i>Polygonum spp.</i>	wild radish
<i>Polygonum coccineum</i>	rhodomyrtus
<i>Raphanus raphanistrum</i>	spearhead
<i>Rhodomyrtus tomentosa</i>	Roemer poppy
<i>Rhynchospora spp.</i>	Austrian fieldcress
<i>Roemeria retracta</i>	blackeyed susan
<i>Rorippa austriaca</i>	dock
<i>Rudbeckia hirta</i>	sheep sorrel
<i>Rumex spp.</i>	smooth dock
<i>Rumex acetosella</i> sheep sorrel	cluster dock
<i>Rumex altissimus</i>	curley dock
<i>Rumex conglomeratus</i>	broadleaf dock
<i>Rumex crispus</i>	Russian thistle
<i>Rumex obtusifolius</i>	
<i>Salsola kali</i> var. <i>tenuifolia</i>	Mediterranean sage
<u><i>Salsola pestifer</i></u>	
<i>Salvia aethiopis</i>	tansy ragwort
<i>Senecio jacobaea</i>	German ivy
<i>Senecio mikanoides</i>	tall indigo or coffeebean
<i>Sesbania exaltata</i>	

<i>Setaria faberi</i>	giant foxtail
<i>Sida hederacea</i>	alkali mallow
<i>Solanum carolinense</i>	Carolina horseradish or horseradish
<i>Solanum elaeagnifolium</i>	bull nettle white horseradish <u>silverleaf nightshade</u> <u>purple nightshade</u>
<i>Solanum nigrum</i>	black nightshade
<i>Solanum villosum</i>	hairy nightshade
<i>Solanum rostratum</i>	buffalo bur
<i>Solanum torvum</i>	terongan
<i>Sonchus arvensis</i>	perennial sowthistle
<i>Sorghum spp.</i>	sorghum, perennial, such as but not limited to johnson- grass, sorghum alnum, and perennial sweet sudangrass
<i>Sorghum sp.</i>	sorghgrass
<i>Sorghum alnum</i>	sorghum alnum
<i>Sorghum halepense</i>	johnsongrass
<i>Spartium junceum</i>	Spanish broom
<i>Stachys palustris</i>	woundwort
<i>Stipa spp.</i>	needlegrass
<i>Striga spp.</i>	witchweed
<i>Striga asiatica</i>	witchweed
<i>Swainsonia salsula</i>	Austrian peaweed
<i>Tagetis minuta</i>	wild marigold
<i>Thlaspi arvense</i>	pennycress <u>fanweed</u> <u>frenchweed</u>
<i>Tribulus terrestris</i>	puncturevine
<i>Triumfetta bartramia</i>	bur bush
<i>Triumfetta semitriloba</i>	Sacramento bur
<i>Ulex europaeus</i>	gorse
<i>Urena lobata</i>	aramino
<i>Verbascum thapsus</i>	mullein
<i>Xanthium spp.</i>	cocklebur
<i>Xanthium orientale</i> (commune)	cocklebur
<i>Zygophyllum fabago</i>	Syrian beancaper

STATE WELFARE-WEED SEED REQUIREMENTS ASSOCIATED WITH THE ADMINISTRATION OF THE FEDERAL WEED AND

(Left and right symmetries are assumed in the diagram)

Does not include birds seen only in Roatán only, see supplement
